

Hi! I am Mustafa Tufan, a software engineer with a finance-based master degree. I am always in pursuit of designing the best software and writing the best line of codes. I am passionate about details, continuously think how to improve myself, where I am and what I do. As a character, I am easygoing, friendly and hardworking. Currently, I work for Allianz, one of the largest financial institutions in the world. In my free time, I maintain a hobby project, [solochance.org](#), a popular tool among solo crypto miners.
